

# Meeting Agenda

## EMA Commission

---

**Date:** June 24, 2021    **Time:** 6:00 pm    **Location:** EOC and Zoom

---

The EMA Commission met June 24<sup>th</sup> at 6:00 pm in the EOC and over Zoom. Members present were Linda Tjaden, Scott Johnson, Jerry Engelhardt, Trevis O'Connell, and Dean Andrews.

Covid Vaccination clinics are walk-ins to Public Health right now. There was good attendance from February to May when the clinics were being done at the Youth Enrichment Center at the Fairgrounds. As demand for the vaccination went down, Public Health are performing vaccinations inside their clinic to anyone who still calls in or submits a sign up on the Floyd County Website.

An update on the EMA progress was talked about. Drew Mitchell has most of the required baseline classes done. These classes are to be completed within two years of employment as enforced by Homeland Security. Mitchell has been to a Firefighter association meeting, reported to several different accidents/fires, and has been working along side the CERT team getting all the required training they need done, and started back up monthly meetings with them.

Discussion on the Statement of Understanding between the EMA and the NILTDRC took place. Tjaden gave a quick back story of the organization to educate the committee members better. The NILTDRC is a group of members between the counties of Floyd, Cerro Gordo, Worth, and Mitchell that by signing the agreement, will provide help in any major disaster if a county needs it, and state or federal aid is not available for the disaster. Andrews asked if this was an annual membership that our commission would need to pay to be a part of the organization, which is not the case as the NILTDRC is looking for funding from other groups. No other discussion was talked about. There was a motion to approve the signing of the statement of understanding by Andrews, O'Connell seconded. The motion passed unanimously.

Meeting Adjourned.
