

FLOYD COUNTY DUST CONTROL PERMIT

Check one: _____ 1 Application
_____ 2 Applications
_____ 3 Applications

CONDITIONS OF PERMIT:

The application and maintenance of chemicals to control dust on crushed rock surfaced roads shall be by permit only and in accordance with the following conditions:

1. This permit is valid from May 1, 2023 to October 15, 2023 so areas can be worked after and prior to winter.
2. **The County reserves the right to rework the treated areas and maintain them as loose granular surfaces if the owner fails to maintain the area in a condition acceptable to the County.**
3. Road chemical may be applied by the owner or an approved contractor for the owner. **IF OWNER APPLIES DUST CONTROL, THEY SHALL NOTIFY THE ROAD FOREMAN OF THE DATE DUST CONTROL HAS BEEN APPLIED.**
4. The only materials approved for use on the roads are calcium chloride, magnesium chloride, crude glycerin and lignin sulfonate. All products must be approved dust control suppressants with appropriate documentation. **Used motor oil is not approved.**
5. Applicants applying Dust Control will mark beginning and end of treated area with flags that stand 3' above road surface and maintain them during the permit period. Maintenance includes keeping flags up and clear of brush and weeds to ensure that they are clearly visible to the blade operators. If not marked or maintained, the county shall not be responsible if bladed.
6. The owner shall maintain the treated area and repair any roughness that may develop.
7. Landowners wanting to place dust control prior to contract rock hauling does so at the landowner's own risk. Any costs associated with re-application of dust control materials after contract hauling is done, shall be at the landowner's expense.

FLOYD COUNTY
DUST CONTROL PROCEDURE

1. Dust control notice is published in County newspapers.

2.
 - a. Landowner receives permit form from the contractor.
Landowner completes permit and returns it with the fee to the contractor.
Contractor mails/emails the permit forms to the Engineer's Office;

or

 - b. Landowner receives permit form from the Engineer's Office and requests a list of the names and telephone numbers of the approved contractors. Note: We require a certificate of insurance from the contractor (\$100,000, \$300,000, \$50,000) if not already on file;

or

 - c. Landowner contacts Engineer's Office for a permit from the County if the landowner wants to apply his/her own dust control.

3. The forms are given to the Road Foreman for him to check, maintain the requested location, and approve.
Permit is then forwarded to the County Engineer for approval.

4. The Road Foreman notifies the appropriate motor grader operators so the material is not bladed out during normal maintenance.

NOTE:

1. The dust control applicator (contractor/owner) must notify the Floyd County Road Foreman before shooting dust control.

2. If Owner is applying his/her own dust control, they shall notify the Road Foreman of the date dust control will be/has been applied.

The Road Foreman is Casey Cajthaml and you can reach him at 641-330-8600, Monday thru Friday, 7:00 a.m. to 3:30 p.m.
