**Firewood Harvest Agreement**

Parties

1. The Floyd County Conservation Board or FCCB.
2. \_\_\_\_\_ as person signing this agreement and accepting responsibility for him/her self and all other employees or persons assisting said person in the harvesting of wood on FCCB property, to be known as "cutter".

Purpose

1. Organize the collection of fuel wood on FCCB lands.
2. Absolve Floyd County of all liability from any incidents that may occur through the actions by "cutter".
3. Provide a fair and equitable method of dispensing a valuable county-owned woodland resource.

**AGREEMENT**

The cutter, and all persons assisting the cutter agree to the following conditions:

1. They will accept full responsibility and liability for any and all actions resulting from the utilization of this agreement and will hold FCCB and the County of Floyd, harmless and will indemnify FCCB or Floyd County, Iowa for any claims that may arise out of "cutters" use of FCCB property for the purpose set forth in this agreement.
2. They will provide all their own equipment, transportation, manpower, fuel, and other costs in the wood harvesting process.
3. Cutter may have restricted access to the firewood area. Bad weather, muddy conditions, public use, and regular hours may dictate that the FCCB staff restrict the cutter access until such time that cutter's access will not harm the plants or soil on the area.
4. Cutter will not enter the area unless the ground is frozen or dry in such a manner as to not cause erosion.

Floyd County Conservation Board agrees to:

1. Provide downed trees for fuel wood cutting.
2. Designate to the cutter the area(s) in which they can cut.

This agreement is in effect the date signed by both parties up until February 1, \_\_\_\_\_, but can be cancelled at any time by either party notifying the other.
